**Narrative**

On May 19th 2017 at appx 2214 I responded to a fight that had occurred appx ten minutes earlier near the nurses' station on the second floor of the Cascade Behavioral Hospital located at 12844 Military Rd S in Tukwila, WA.

Once another officer joined me, we proceeded to the nurses' station where I met with [REDACTED]. He told me that he had heard [REDACTED] "yelling and screaming" at that location. When he came around the corner he saw another resident named [REDACTED] laying on the ground and [REDACTED] was kicking her.

I then spoke with another nurse named [REDACTED]. She told me that she heard the same commotion and, when she came around the corner, she saw [REDACTED] kicking [REDACTED] while she was on the ground.

I then spoke with [REDACTED]. She told me that she has known [REDACTED] to be violent. This evening, [REDACTED] was near the nurses' station and that he was being verbally abusive towards a nurse (un-named and not found). [REDACTED] said that [REDACTED] had become "crazy" and began beating his head against a nearby wall. When [REDACTED] turned his attention to the nurse again, [REDACTED] approached [REDACTED] and told him to leave the nurse alone.

[REDACTED] then turned his attention to another nearby nurse and began berating her. I was not able to locate this nurse either. However, [REDACTED] said that she took offense to [REDACTED] verbally attacking this nurse too, and again told [REDACTED] to stop his tirade. [REDACTED] then turned his attention to [REDACTED]. [REDACTED] rushed [REDACTED] and grabbed her by her neck/jaw and slammed her to the ground. Once on the ground [REDACTED] began kicking [REDACTED]. She wasn't sure how many times he kicked her but she said that he kicked her "really hard" at least once. Other residents and staff were then able to separate [REDACTED] from [REDACTED].

[REDACTED] told me that she was then escorted back to her room where she then had a seizure. She frequently has seizures when she experiences overwhelming stress.

[REDACTED] said that her ribs and her neck hurt. I didn't see any red marks on her neck and I did not inspect her ribs. Before I could get a recorded statement from [REDACTED], hospital staff administered a calming IV to [REDACTED] and she began to doze away.

I then spoke with [REDACTED] in his room. After I read to him the Miranda Rights, he told me that "[REDACTED] needs to mind her own business" though he did not admit to any assault.

Based upon the witness and victim accounts, I determined that I had probable cause to arrest [REDACTED] for Assault 4th. I advised him that he was under arrest and placed him into handcuffs (checked for fit and double locked). After finding him a shirt and some shoe/socks, he was transported to SCORE where he was booked.
